Request: Approval of a Contract for Professional Services not to exceed Two Hundred Fifty-Four Thousand Nine Hundred Eighty-Five Dollars ($254,985) between the Authority and Interface Studio LLC ("Interface") to complete a planning and feasibility study for undeveloped parcels in the Eastwick section of the City of Philadelphia (herein, the "Eastwick Planning Study").

Background: In 1961, the Authority and New Eastwick Corporation ("NEC") entered into the "Agreement between Redevelopment Authority of the City of Philadelphia and New Eastwick Corporation for Stages I, II, III, and IV of the Eastwick Redevelopment Area Also Known as Eastwick Urban Renewal Area" ("Redevelopment Agreement").

Under the Redevelopment Agreement, NEC had to redevelop the Eastwick Urban Renewal Area (the "Eastwick URA") in Southwest Philadelphia. The Eastwick URA encompassed an area of approximately 2,500-acres, broken into four stages for development: Stage I, Stage II, Stage III, and Stage IV.

After initially encountering some problems with construction, NEC partnered with Korman Corporation ("Korman"). NEC and Korman created over time multiple legal entities known as Eastwick Joint Development Venture (collectively, "New Eastwick"). Since the inception of the Redevelopment Agreement, New Eastwick developed approximately 3,000 homes and 1,100 apartment units, as well as two shopping centers housing thirty-eight (38) retail establishments, and a 1,000 room hotel/restaurant complex serving the Philadelphia International Airport.

Following a dispute between the Authority and New Eastwick concerning development of the remaining undeveloped parcels, which are comprised of (i) a 128.54-acre, largely residential tract bounded by 84th Street, Lindberg Boulevard and Mario Lanza Boulevard, and (ii) a 5.65-acre commercial tract at the northwest corner of 84th and Lindbergh (herein, the "Undeveloped Parcels"), the Authority and New Eastwick ultimately reached a settlement which terminated all parties' obligations under the Redevelopment Agreement (except with respect to that certain 0.815 acre parcel located in Stage III of the Eastwick Urban Renewal Area and acquired under the Redevelopment Agreement by Eastwick Development Joint Venture XII, L.P. (informally known as the "La Quinta" parcel)).
The Authority and the City of Philadelphia ("City") desire to work with the Eastwick community and various stakeholders on how to best develop (i) the Undeveloped Parcels, (ii) the former Pepper Middle School site, (iii) the former Communications Technology High School site, and (iv) additional Authority-owned parcels north of the Pepper Middle School site (together, the "Eastwick Properties").

On August 15, 2016, the Authority issued a Request for Proposals ("RFP") seeking proposals for completing a planning and feasibility study for the Eastwick Parcels. Respondents were expected to exhibit an understanding of the history of Eastwick and to assess and explain environmental, economic, and social site constraints and potential impacts of competing or complementary uses for the Eastwick Parcels. Respondents were also expected to be versed in community engagement and have demonstrated skills in consensus building.

**Contract Terms and Conditions:** The Authority received eight (8) proposals. Interface Studio LLC was chosen to be the most responsive bidder due to (i) their pricing, (ii) the comprehensive team composition which includes several specialists, (iii) their history of working with public entities, and (iv) their prior experience.

The term of the Contract for Professional Services is one (1) year, which term may be extended at the sole discretion of the Authority.

**Contract Amount:** Two Hundred Fifty-Four Thousand Nine Hundred Eighty-Five Dollars ($254,985).

Proposed Resolution is attached.

REQUEST: Approval to reserve in escrow an amount of up to One Million Dollars ($1,000,000) of Philadelphia Home Improvement Loan ("PHIL") program proceeds for the Authority to use for a credit enhancement facility related to workforce housing construction loans.

OVERVIEW: The Workforce Housing ("WFH") Program seeks to make land available for housing development that is affordable to moderate income households. The Philadelphia Land Bank ("Land Bank") has released several competitive "Requests for Proposals ("RFPs") seeking proposals from developers for sets of 8-15 parcels each, and intends issue additional RFPs. Each RFP is for parcels in neighborhoods with appreciating housing markets with property values exceeding $300,000.

The goal of the WFH program is to facilitate the development of homeownership family-style workforce housing units that will only be sold to buyers whose household income is under 120% of Area Median Income (AMI). Completed units will be restricted to sales prices between $180,000 - $230,000, and the affordability of the units shall be maintained for a minimum of ten years through a restrictive covenant. If the home is sold, transferred, conveyed or otherwise disposed of during the ten year affordability period, the affordability period will be renewed at each subsequent sale until the expiration of a period of thirty (30) years from the beginning of the affordability period.

Developers of WFH will be restricted by the terms of the program stated above, and in the case where a developer defaults and a financial institution moves to foreclosure, that institution will assume these same obligations, including the obligation to complete construction of the workforce units and to sell them to buyers who meet the income restrictions. These restrictions are kept in place in order to protect the units from being sold at market-rate if the original developer defaults. However, it can make WFH deals riskier for banks to finance than traditional real estate endeavors.

In order to encourage financial institutions to support developers participating in the WFH program, and especially to support smaller, locally owned, minority-owned and women-owned developers, the Authority seeks approval to offer a Credit Enhancement Facility ("CEF") for WFH construction loans. The CEF provides to financial institutions up to a 25% guarantee on WFH construction loans made to developers who are awarded land through the Land Bank’s WFH RFPs. The CEF facility is essentially a letter of credit to reduce financial institutions’ exposure that in case of default will serve as a first-loss fund. Because the Land Bank already thoroughly reviews selected projects through its process, PRA will not undertake a significant amount of its own underwriting, making
the process of applying for and utilizing the CEF as simple as possible for participating institutions.

COMMENTS AND OTHER CONDITIONS: Through a series of Trust Indentures, first created in 1981 and last amended in 2006, the Authority issued tax-exempt and taxable Residential Mortgage Loan Revenue Bonds, the proceeds of which were used to sponsor several residential mortgage loan programs (the "PHIL Loan Program"). These programs include:

- Note purchase agreements with lending institutions for the purchase of notes and mortgages that are insured under FHA Title I Property Improvement Insurance Program.

- Purchase of mortgage pass-through mortgage backed security certificates guaranteed by the Federal National Mortgage Association.

The PHIL Loan Program was closed in FY 14 and the bonds have been redeemed.

The Authority now seeks approval to reserve in escrow an amount of up to One Million Dollars ($1,000,000) of PHIL Loan Program proceeds for the Authority to use as a CEF related to WFH construction loans.

Proposed Resolution is attached.

FURTHER AUTHORIZING, that the Executive Director, with the advice of General Counsel, may allow modifications to the Resolution necessary or desirable to carry out its purposes and intents.
NATURE OF THE TRANSACTION: In 1990, the City of Philadelphia (the "City") leased to the Authority and the Authority leased to Delaware River Waterfront Corporation (f/k/a Penn's Landing Corporation) ("DRWC"), pursuant to Lease Agreements (the "Original Leases") and a Redevelopment Contract ("Original Redevelopment Contract"), certain piers along the Delaware River with the intention of developing those piers for residential and commercial uses. The Lease Agreements (each with a term of 99 years) and Redevelopment Contract were amended in 1999 and 2016 to, among other things, add additional piers and/or revise legal descriptions. The parties now desire to enter into a new Lease Agreement (herein, the "Riverbed Lease Agreement") and a Third Amendment to Redevelopment Agreement ("Third Amendment to Redevelopment Contract") to submit certain lands within the bed of the Delaware River beneath and adjacent to Piers 12-24 (the "Riverbed Property"), to the terms of the Original Leases and the Original Redevelopment Contract in preparation for those piers' future residential and commercial development. The Riverbed Property was inadvertently excluded from the Original Leases, as amended, and the Original Redevelopment Contract, as amended, and the Authority seeks authorization to include and subject the Riverbed Property to such documents.
